QR Axle with Trailer Mount - M-Wave

SKU	3010005069

Add the Bobike 2 in 1 trailer to your Beeq with this easy-to-install axle

If you have a Beeq M500, M700, SUV High Step or M850, this is the axle you'll need the axle to mount the Bobike trailer to your e-bike.
Additional internal M6 thread
For toolless mounting of bicycle trailer adapters at 12 mm thru axle hubs
Also usable without QR as solution for thru axles

Length: 176mm
Diameter: 12mm
Material: Aluminium
Colour: Black
