Suspension Fork Mobie 25 - SrSuntour

SKU	RE301KITMOBIE0001

This fork seamlessly merges the stability and damping performance of a mountain bike fork with a sleek, contemporary design. Sr Suntour's patented Q-LOC quick-release system for thru axles truly lives up to its name—it's incredibly fast and efficient. The Q-LOC 2 represents the next evolution in quick-release technology, ensuring 100% compatibility with all types of hub axle designs.
