Electric Pump - Woowind Ventus Ride

SKU	3010005308

Electric Air Pump

Inflating your tires is both simple and effortless. To get started, connect the pump using the fast-clip adapter to check your current tire pressure on the digital display. You can manually set your desired pressure or choose a preset mode. Then, just press start and let the pump take care of the rest. It's accurate, quick, and easy—so you'll be ready to ride in just minutes.

The Ventus Ride can inflate standard road bike tires from 0 to 7 BAR (100 PSI) in about 2 minutes, making quick pressure adjustments simple before every ride.

Size: 40 x 40 x 191 mm
Weight: 375 g
Max inflation pressure: 150PSI
Inflation speed: 15~18L/min
Recharging: 3 hours via USB-C port
Battery capacity: 2400mAh 7.4V 8.88Wh
LED Flashlight: Yes
5 Preset modes: Motorbike Mode: 30-80 PSI / Scooter Mode: 30-50 PSI / Bicycle Mode: 80-120 PSI / Ball Mode: 7-9 PSI / Custom Mode: 1-150 PSI
Battery life: 15min, a fully charged battery can inflate 4-6 bicycle tires
Working noise: ≦ 85dB (Distance 1 meter)
Compliance & Certifications: GB4706.1 UL1450 CE FCC ICES PSE UKCA ROHS UN38.3 MSDS DGM
