Pedals - Marwi SP-420

SKU	3010004769

Marwi SP-420

The **Marwi SP-420 pedals** are designed to deliver stability, safety, and long-lasting performance for urban commuting and trekking rides.

Crafted with a lightweight aluminum body and a sturdy Cr-Mo steel axle, these pedals offer a solid and comfortable platform for all types of footwear. The textured non-slip surface and integrated side reflectors provide constant grip and increased visibility day and night.

Key Features:

Direct Compatibility: Compatible with **Beeq M700, M850, and SUV High Step** models (standard 9/16" thread).
Durable Construction: Lightweight aluminum body with a heavy-duty Cr-Mo steel axle.
Grip & Visibility: Non-slip surface and integrated reflectors for safe daily riding.
Versatile Use: Optimized for city commuting, touring, and daily utility.
