Chain - Kryptonite Evolution 1090

SKU	3010004417
EAN	5608554017977

Safeguard your Beeq with the top-rated Kryptonite Evolution 1090 chain

Securing your BEEQ is crucial to prevent theft. Using a locker can be an effective way to enhance anti-theft measures.

Notably, this solution features the formidable Kryptonite anti-theft protection, entitling you to a cashback of up to 2700€ in the unfortunate event of your bicycle being stolen. This added layer of assurance underscores our commitment to safeguarding your valuable possession. What you need to register for the anti-theft protection offer (you might register within 30 days of lock purchase):

- Contact details
- Lock information including a copy of the itemized receipt of purchase
- Key number of your lock
- Vehicle information including vehicle type, base cost, the serial number
- An itemized copy of the bill of sale
