Tire 27.5x2.6 - Continental Mountain King ProTection

SKU	3010002765
EAN	5608554018066

Continental Mountain King Tire | ProTection |

Beeq recommends the use of this tire, as an upgrade, on the Full-Suspension/HardTail models.

This tire is the perfect trail ride companion - not stingy on grip, ideal for full-suspension/HardTail trail bikes.The snappy central knobs and grippy outer knobs means it offers maximum grip.

BlackChili Compound: offers the a good balance between grip and rolling resistence. The latest polymers as well as specially developed carbon black particles and filler materials guarantee unique performance, be it on a road, gravel or a mountain bike, for time trialling or downhill.

ProTection: The extra all-round puncture protection layer renders the casings extremelydurable and resistant to damage or penetration from foreign elements. Treadsand sidewalls are equally protected, and are 25% lighter and offer 30% morepuncture protection than their predecessors protected by DuraSkin®. Rollingresistance and absorption has also significantly improved. The new RevolutionTubeless Ready Bead improves the installation of Tubeless Ready Tires.

Technical Data:

Size: ETRTO 65-584 (27.5x2.60 inch)

Type: Folding

Compound: BlackChili

Version: ProTection

Color: Black

Seal: Tubeless Ready

Weight: 790g

Pressure: 1.9-3.0 Bar (29-44 psi)

TPI: 3/180

E-Bike: E-25

Product number: 0101583
