Kids Bike Seat - Bobike One Maxi

SKU	3010004708

Bicycle Seat for Children

Bobike One® Eco Maxi range features non-structural parts with 30% recycled materials. It's perfect for kids aged 9 months up to taller toddlers (6 years) and pre-schoolers weighing up to 22kg.

ONE SYSTEM FITS ALL

The seat comes originally with the necessary hardware to install the seat in a rack pannier or in the frame. If you have 2 different bicycles back at home, with this model you will be able to place the seat either on the frame or in the rack of your bicycle.

EASY MOUNT SYSTEM

Allows for tool-free, quick seat attachment and removal from the mounting hardware, making it perfect for commuting without leaving your seat unattended on the street.

MOUNTING SYSTEM FRAME-MOUNTED

Fits round and oval seat tubes with a diameter between Ø28 – 40 mm.
Requires an available tube length of 80 mm
E-BD MOUNTING SYSTEM FOR RACK PANNIERS
Luggage Rack width – 120 – 175 mm
Luggage rack oval/round tube dimensions – Ø 10 – 16 mm
If your rack was wider tubes, or another shape other than oval you can also look for this spare.

SAFETY

Double-walled design, providing an exclusive feature that includes two sturdy walls to keep your baby extra safe.
Includes a safety combination lock and a childproof safety buckle for added peace of mind.
Integrates a rear reflector.
Extra security frame belt and a large foot guard to prevent any contact with the wheel.
Bobike meets EN14344, TÜV, and GS MARK safety standards, so you can ride with confidence!

GROW WITH YOUR CHILD´S ADJUSTMENTS

Adjustable footrests in 12 positions, no tools needed.
