Axle - Sr Suntour QLoc 15x100

SKU	3010004502

Patented SR Suntour 15 mm Q-LOC thru-axle made of titanium, which makes no compromise on stiffness. Rock solid and light weight with only 122g. Trekking-version for NCX forks. Thanks to the clever mechanism, the thru-axle can be changed without tools, just like a quick release. Fits SR Suntour forks with 15 mm dropouts only!

You can use it on our Beeq models E850 Trekking.
