STI Tool Lever

SKU	3010002764

STI tool lever, Hex 6mm + T25

The lever design provides a firm and secure fit, eliminating the risk of the wheels coming loose during your travels. With a simple push and click mechanism, the axle locks securely into place, providing peace of mind and ensuring a stable and safe ride.

High Stiffness and Reliable

Removable Tool Ready

Hex and T25

You can use it on our Fork Thru-axle STI for the Beeq models E850 Urban Motion.
