Catlike Leaf

This helmet stands out with its distinctive design and cutting-edge ventilation and performance features. With 23 ventilation channels, you'll stay cool and comfortable, no matter how long your ride lasts. The MPS EVO Fit system ensures a flawless fit every time, and the removable visor adds to its practicality. You can trust that safety is a priority, thanks to the high-protection mold that offers robust security without the added weight. Plus, the breathable pad is designed to wick away sweat, ensuring maximum comfort on every adventure.
