Saddle - Selle Italia ST 7 Superflow

SKU	3010003444

Achieving an ideal mix of comfort and performance for everyday use, the ST 5 Flow stands out as a highly versatile option. Its gel-padded inserts, combined with the central Flow cut-out that helps relieve pressure in the perineal area, provide outstanding comfort. The nearly flat profile of the ST 5 Flow allows for greater freedom of movement, enhancing performance, while the Hi-Viz elements at the rear improve visibility in low-light conditions. Whether for daily commuting or weekend group rides, the ST 5 Flow is an excellent choice.

NOTE: The product may vary slightly from the images shown due to an updated logo on the saddle cover.
