Grips VPG - 122A

SKU	3010003084

VPG - 122A

The VPG-122A grips offer non-slip comfort, reliable screw clamping and pleasant damping for MTB, trekking and city bikes. With a non-slip surface and durable material, they ensure a secure grip on any terrain.

The VPG-122A grips combine a textured surface with a comfortable length that allows different hand positions. Their material mix of PP and TPR offers a good balance of grip and cushioning - ideal for long rides.

LockOn screw clamp on one side for a twist-proof hold
Grippy, textured surface even in wet conditions
Durable, cushioning material mix of PP and TPR

Not compatible with the Beeq models E800 and E850 Urban Motion.
