Trailer & Stroller - Polisport 2 in 1

SKU	3010005260

Designed for a dog weighing up to 23 kg (50 lbs), this medium-sized 2-in-1 bike trailer and stroller is perfect for transporting your pet. Its fully opening rear door ensures easy access, while the tool-free system converts it from trailer to stroller in seconds.

The foldable lightweight frame, quick-release 16-inch pneumatic wheels and ventilated mesh panels provide smooth, comfortable travel. A rain cover, anti-bug net, parking brake, six reflectors, safety flag and internal leash add protection. Always attach the leash to a harness, keep all doors closed and transport one dog only.

The removable rubber floor simplifies cleaning. Two hitch connectors are included: 10 mm for quick-release or solid axles and 12 mm for thru-axles. Some bicycles may require a separate adapter.

Dimensions:

Assembled: 630 × 700 × 700 mm
Folded: 505 × 205 × 695 mm

Weight: 13.4 kg
