Tire 28x2 - Continental Double Fighter III

SKU	3010000568

Continental Double Fighter III

A versatile tyre for the city and for dirt paths

Want to turn a mountain bike into a nimble everyday companion? The Continental Double Fighter III 28x2.00 (50-622) is built for exactly that.

It rolls easily on asphalt. The exposed outer knobs give you a firm bite on gravel and park paths, so you can go from road to trail without changing tyres.

It has a wire bead and a sturdy build, designed for riders who pedal every day and want a reliable tyre.

Why you'll like it:

Easy, smooth rolling on asphalt
Good grip on gravel and park paths
Sturdy construction for daily use
Wire bead, simple to fit
28x2.00" size (equivalent to 29x2.00") for 622 mm rims

Will it fit your bike?

This tire is compatible with the Beeq models B400 Urban High Step, B400 Urban High Step Suspension and C800 Trekking.
